ABOUT

I am a Computer Science undergraduate student at Khulna University of Engineering and technology (KUET), where I am passionately immersed in the world of technology, competitive programming, and problem solving. My academic journey is being enriched by numerous accolades and experiences that have shaped my enthusiasm for coding challenges.

Education

Khulna University of Engineering and Technology

BSc in Computer Science and Engineering

Jan 2020 : current

SKILL

- Problem solving
- Data structure and algorithms
- C++ (experienced with STL and OOP)
- Python (intermediate)
- Java (intermediate)
- Git & Github
- Oracle Database

Problem Solving Experience

- **2100+** coding problems in Codeforces.com (handle: Honeynutz)
- **300+** coding problems in UVA Online judge (handle: eleus)
- **250+** coding problems in Atcoder.jp (Handle: Eleus)
- **500+** coding problems in other platforms.

ACHIEVEMENTS

- Ranked **Expert** (max rating **1825**) at codeforces.com.
- **8th** in **ICPC Dhaka** regional contest 2023.
- **725th** in **Meta Hackerup** 2023 out of 20K+ participants.
- **ICPC WEST AISA 2023** finalist.
- **Samsung code contest 2023** finalist.
- **19th** in **ICPC Dhaka** regional contest 2022.
- **2nd runner up** at **Intra KUET** programming contest 2023.
